PR. BUTTS' DISPENSARY, No. 19 N. Sth St., St. Louis,

A valuable Discovery and New Departure in Medical Science, an entirely New and positively effective Remedy for the speedy and permanent Cure of Seminal Emissions and Impotency by the only true way, viz: Direct Application to the principal Seat of the Disease, acting by Absorption, and exerting its specific influence on the Seminal Vesicles, Ejaculatory Ducts, Prostate Ginnd, and Urethra. The use of the Remedy is attended with ne pain or inconvenience, and does not interfere with the ordinary pursuits of life; it is quickly dissolved and soon absorbed, producing an immediate soothing and restorative effect upon the sexual and nervous organizations wrecked from self-abuse and excesses, stopping the drain from the system, refloring the imind to health and sound memory, removing the Dinness of Sight, Nervous Deblity, Confusion of Ideas, Aversion to Society, etc., etc., and the appearance of premature old age usually accompanying this trouble, and restoring perfect Sexual Vigor, where it has been dormant for years. This mode of treatment has stood the test in very severe cases, and is now a pronounced success. Drugs are too much prescribed in those troubles, and, as many can boar witness to, with but little if any permanent good. There is no Nonsense about this Preparation. Practical observation enables us to positively guarantee that it will give satisfaction. During the eight years that it has been in general use, we have thousands of testimonials as to its value, and its now conceded by the Medical Profession to be the mest rational means yet discovered of reaching and ouring this very provalent trouble, that is well known to be the cause of untold AND SPERMATORRHEA. DISEASES OF THE KIDNEYS

are the most prevalent, dangerous and fatal affections that afflict mankind, and so varied and insidious in their character, that persons often suffer for
